

TOMMY MUSCLES IN.

Paris saw something of the man beneath the British
battledress at a physical display given by Army P.T.
instructors. It's a paradox that the most mechanised
war ever fought required tougher men in the ^{fighting} ~~fighting~~ line
than any other campaign in history. The P.T. experts are
the men who set the standard and saw that it was followed.
He can't fall down, the big stiff.

Caber tossing, new style.

~~(one out)~~

When they get tired of that they climb up it. By being able
to do things like that the British army was equal to
any obstacle the enemy put in its way.
