

FIRE ESCAPE.

294

The latest thing in a fire escape on demonstration at Hull. ~~is~~ 150 feet of ladder goes up to give the statue of William Wilberforce a cold shower. Fitted with Davy Life Line, ~~and~~ guide ropes, searchlight, monitor, telephone, ~~and~~ loud speaker and carillon bell --- in fact, everything except a piano.

BAULDER DAM.

From distant Boulder Dam in Colorado ~~station~~ 287,000 volts of electricity ^{was} ~~is~~ unleashed to provide lights for Los Angeles. ~~The huge switches thrown, a modern message flashes 300 miles, and the~~
~~people of Los Angeles celebrated with a procession in which~~
glamour ^{was} ~~is~~ not forgotten. These pretties indicate that lace will be in the fashion news. For some time now skirts have been getting longer, but it seems, not long enough. But lace is no protection from a winter wind, so run your eye over this selection of costly skins. They say its going to be a hard winter ---- so buy your sables early, and then pray for ice.

PARIS AIR RAID.

For the first time since the world war Paris put out her lights -- under cover of darkness the gay city became deadly earnest in rehearsal for the air raid that we hope will never come.
