

PLANE CRASH.

333

Learning of the new Robin plane reputed to be crash-proof, our cameramen journeyed to Gravesend to secure ~~for~~ the story of it. Here it is. Willing helpers ran to rescue the pilot -- Mr R.G.Doig. Miraculously he was only slightly injured, ~~He was able to switch~~ *and* ~~off the engine and the danger of fire was avoided.~~ We congratulate him on a lucky escape.

W.B.A. v ARSENAL.

Arsenal took the field first at the Hawthorns where a crowd of sixty thousand came to watch the Cup Tie against West Bromwich Albion. Parts of the ground were still white with snow when Sandford won the ~~the~~ toss and chose to kick with the wind behind. Arsenal, handicapped by the absence of Drake, seemed to lack something of their usual fire in the attack. ~~A rush in the early part of the game led to a shot but it went harmlessly wide.~~ It was not long before the Albion went ahead. Score at half time was Albion two -- Arsenal nil. In the second half Arsenal's chance came after a free kick by James when Bastin scored. But the Hawthorns men added another two minutes ~~before the end~~ from time and West Bromwich Albion went on to the semi-finals --- 3 - 1 ~~to the Hawthorns men.~~
