STRIKE.

After a week's lock-out, guards attempted to enter a cannery at Stockton California. Strikers determined to prevent them and industrial strife at its grimmest broke out. Tear gas played a prominent part in the weapons used, and our cameraman was forced to wear a mask to secure these pictures.

CARS.

It is Boston, Massachusetts city of American culture and the stunt men are studying by the fireside. Champion of them all is Lucky Teter and he makes ~~thousands~~ ten thousand a year learning how not to break his neck. / Here comes Lucky now --- -- - the car turns a complete somersault --- the ambulance men rush up --- he's killed --- / ----- well, if he is, somebody had better tell him so. / Ten thousand a year --- and the undertakers are starving.
