

BROADBENT AND BROOK.

H.F.Broadbent completed his solo flight from Australia to England in 6 days 8 hours 25 minutes --- arriving at Lympne in the fastest time on record. The Royal Aero Club say it was not a record although it's the fastest time, but whatever it was he did it. And out of the sky at Heston came H.L.Brook, one of the G.B.News Coronation flyers --- to beat Amy Mollison's record from Capetown. Mrs Brook greeted her flying husband with a kiss as he landed, and the onlookers came over sentimental and cheered them with tears in their eyes. CHESTER CUP.

By the walls of ancient Chester the race for the Chester Cup, and once again ~~it~~ there's a <sup>French</sup> strong/challenge ~~from~~ for a big English Handicap. Prince Achille - - Coup de Roi --- Faites vos Jeux --- if this goes on the bookmakers'll have to go to night school. Peel Tower led at first from Prince Achille, ~~Kaitex~~ Coup de Thingummy and Faites vos Whoosit. but unfortunately there's nothing to say about Horses like Jack Tar and Enfield. There's no other course in England like the two-mile two furlong circuit at Chester --- they go round and around and even the French ones get giddy. At the last burst it was Faites vos Jeux getting easily into the lead --- showing a clean pair of French heels to Kept On, second, and Sir Calidore third. Faites vos Jeux wins --- Quel bon cheval!
