

PALESTINE.

370

British troops have been busy preserving the peace in Palestine, where the royal commissions's plan to split the country into three states has given rise to clashes of opinion. ~~The Army fraternises with Bedouins --- over black coffee differences of race are set aside.~~
Following are the instructions
~~But there is also the business side ---~~ these pictures show how a mill was searched, following a report that it had been used as a secret munition factory.

CHINA.

In China, war fever has broken out afresh. Peking once again is ~~a city of~~ *alive with* troops, as the guns boom out their message of death. ~~and terror in the distance. Many have already been killed and wounded in the fighting.~~
China has demanded withdrawal of troops, but the Japanese ~~continue to advance in Northern China, and it is believed that~~ Over 10,000 soldiers of Nippon are concentrated in the area round Tientsin and Peking. ~~Britain has many interests in the Far East --- is this going to be one more war for us to worry about?~~
