TRAFFIC.

America --- As Dr Burgin flew over London, so our cameraman flies over New York, Long Island and Westbury, to see the latest method of dealing with traffic congestion. Take a look at the masses of cars packed on Jones Beach and you'll understand why ~~it~~ ~~give~~ they have congestion. This is an engineer's brainwave --- a system of bridges and curves that makes a hold-up unlikely and a crash impossible. ~~The only~~ ~~trouble~~ ~~is,~~ ~~that~~ if you get on the wrong road you have to go home and start again.
