

JUMPING.

411

Melbourne --- Highlights of the Royal Show included a ~~fix~~ display of jumping by the Commonwealth's finest horses and riders. Some cleared the bars and some didn't, but whichever way it went it was worth watching. The jumps go up to six-foot-nine --- but the ground is always in the same place.

And here's another item in the same show --- sheaf tossing. Watch how the champion does it --- up and over --- wait for it. Coem on, now --- don't muck about! And over!
