

45-6
DAVIS CUP.

Harrogate --- Great Britain had a lead of ~~two games~~ 2 - 1 out of five matches in the Davis Cup against Rumania when the singles were played on the final day. But Schmidt of Rumania squared the account by beating Jones and he topped it off by kissing an innocent bystander. Two all. The last match was between Ronald Shayer ~~and Caralulis~~ and Caralulis. Shayer ~~looks like~~ *looks like* the great Fred Perry --- and he ~~looked up to his looks by~~ *won* 6 - 3, 6 - 0, 6 - 3. So Britain beat Rumania. But it was a close shave and goodness knows what'll happen when we play marbles against ~~Finland~~ Finland.

QUARRY EXPLOSION.

Virginia --- 60,000 pounds of dynamite went into 168,000 tons of granite. Something had to come out and the answer was all of it. ~~The biggest quarry in the world is in Virginia and it has this supply of stone~~

OLD CARS.

California --- the annual race for old cars. Forty-seven ~~starters~~ starters --- and the older they are the better they like it. The course was not much worse than the Grand National course at Aintree, and at the end it almost turned into a high diving contest. ~~Here comes a beautiful headed.~~ *Watch the slow car!*

WOODCHOPPING.

New South Wales --- annual contest of the Australian axemen. Famous lumberjacks from all over the Commonwealth entered for this event. They cut a niche in the trunk and stand on it to cut higher.
