GUINNESS FIRE.

Park Royal --- Fire at a Brewery. It started in the cooperage and loading departments and many tons of grain and hops were destroyed. Thousands of barrels were burnt but luckily they were empty. An official stated that it will not interfere with production. Thank goodness --- it might have been serious.

MONKEY SKATING.

America --- Rolling skating championship, fought out to a close finish. But the ~~runner-up~~ runner-up had to motto --- win, tie or pull his pants off!

RUNCIMAN IN PRAGUE.

Prague --- the train from Calais brought Viscount Runciman on a mission of peace. Lord Runciman ^{who was received by the British Minister} is acting as unofficial mediator between the Czecho-slovakian Government and the Sudeten German Party. As when a man attempts to intercede in a difference between husband and wife, this is a mission calling for a great deal of tact.
