Surrey --- Alfred Padgham played a two hundred pound challenge match at Selston Park against Bobby Locke the South African champion, and they had a good gallery to watch them. Trouble meant nothing to Padgham who had an approximate first round of 68--- but Locke had a 67 ~~xxxxxx~~ in spite of a bother with a stymie. They finished the first eighteen all square, and the second round was hammer and tongs and full of thrills. Bobby Locke was the winner --- and he's coming again next year.

FREIGHTER ASHORE.

Queensland --- on her way to New Zealand the 5,600-ton freighter Port St. John came to grief. She ran aground and stuck fast on Barrier Reef --- at low tide or high tide she's right out of her element. It was her maiden voyage --- but maiden or not she stands a very poor chance of getting off.

CROWN PRINCE OF SAUDI ARABIA.

London --- the Crown Prince of Saudi Arabia arrived on a private visit. *The Crown Prince is the figure in the centre.* Three years ago whilst in a mosque in Mecca his father was attacked by an assassin. The Crown Prince flung himself on the ~~assassin~~ would-be murderer. He received a wound in the shoulder, but he saved his father's life.
