# FUR-BEARING ANIMALS.

E Conversation overheard at the Knightsbridge Exhibition of Fur-Bearing Animals; "To think that my lovely fur coat came from a little skunk." "Really --- I didn't even know you were married." ^ Now let's see where the fur coats go to --- even at £25,000 a time you must admit they look worth it. For winter brides there's a gown of ermine, ~~Chinchilla~~ Chinchilla --- mink --- white fox on velvet --- there's no excuse now for feeling cold.

## QUEEN MAUD.

Thirty-three years ago a Princess from Britain sailed up the Oslo fjord to make her home in Norway --- bride of Prince Christian. On this day of storm and sleet Queen Maud returned to Norway for the last time -- her husband King Haakon and her son Crown Prince Olaf followed as mourners. <sup>When the</sup> Queen ~~and~~ was brought back to her last resting-place, ~~in a British battleship~~ eighty thousand people waited in the cheerless weather to receive the queen whom they had taken to their hearts. <sup>Her husband King</sup>

Haakon & her son Crown Prince Olaf, followed as mourners.
