# KANSAS CITY FIRE.

Kansas City --- Loaded cans of petrol exploded and a roofing company's premises were completely demolished in this oil blaze of the downtown area. Streams of liquid fire set light to everything in the neighbourhood --- fire-fighters had the fight of their lives. Climax came when the roofing company's roof fell in. ROBNEY WEDDING.

London --- Marylebone Town Hall was the scene of the wedding of George Robey and Miss Blanche Littler. They were surrounded by Air Raid Precaution placards, ~~but the ceremony was not interrupted~~ Goodness knows why. Before descending the steps Mr Robey stopped and he looked and he listened to the click of cameras and the cheers of the famous and the obscure. This was one day when the Prime Ministers of birth wore a Prime Minister's sort of suit.
