QUEEN AND DOMINIONS STUDENTS.

London --- Her Majesty the Queen attended an empire reception at the home of Lord and Lady Howard de Walden. After being greeted by Dominions Commissioners, Queen Elizabeth moved among her guests, chatting and smiling as is her charming custom. Those who were privileged to be present to meet her Majesty were officers and students from the Dominions --- Australia, Canada, New Zealand and South Africa were all represented.

BATTERED SHIP.

The Clyde --- a Norwegian cargo ship limped up to Glasgow --- ~~with the help of tugs~~ --- she had been in a fight with an Atlantic hurricane and came off second best. Her ironwork was bent and twisted --- she had a 14--degrees list. ~~Lifeboat had been carried away.~~ But she was 500 miles out when she sent out her first S.O.S. --- so she's lucky to be here with no lives lost.

RECORD FLYERS IN SYDNEY.

Sydney --- The big city in New South Wales turned out in force to welcome Britain's long-distance fliers. The Royal Air Force unit broke the world's ~~long-distance~~ record by flying non-stop from Ismailia, in Egypt, to Port Darwin, in Australia --- a distance of 7,162 miles. No wonder Sydney gave them a royal welcome.
