

DOMINION MONARCH.

Southampton --- A new link between the Mother Country and the Empire; the Dominion Monarch, left on her maiden voyage. Her gross tonnage is 27,155 ~~and~~ she is the largest motor vessel in the world. She will trade chiefly with South Africa, New Zealand and Australia.

FLOODS.

Ohio --- once again our flying cameraman takes a bird's eye view of an annual disaster in the United States. Ohio River is in flood --- thousands of acres of West Virginia lie beneath the swirling waters. Old Man River is not so severe this time as he was two years ago --- but he's causing a lot of acute discomfort just the same.

DUCHESS OF GLOUCESTER.

Nottingham --- extensions which have been made to the ~~the~~ Hospital for Women were opened by the Duchess of Gloucester. During the royal visit one of the patients gave birth to a baby. Business as usual during ~~the~~ alterations. The new wing of the building consists of a fever block, a nurse's home, and an addition of forty beds to the main hospital.

INVESTITURE .

London --- at Buckingham Palace His Majesty the King held the second investiture of the year. Here is Miss Jean Williams, a nurse who was decorated. Mr Williamx Williams, ~~who~~ a gallant Welshman who saved a man's life in a quarry accident. Miss Cecil Dixon, the B.B.C. solo pianist and accompanist. And Mrs Letch, the mother of two sons who were awarded the O.B.E. after ~~xxxx~~ trying to save the life of the pilot in the Edmonton air crash.
