WEDDING.

Illinois --- another freak wedding in America, as if the ordinary way of getting married wasn't a big enough adventure. Chicago bride and groom went to the imaginary altar in a fairground parachute, but the person kept both feet on the ground, ~~and~~ shouted. Marriages are made in heaven, but this one only went up on appro.

QUARRY BLASTING.

Westmoreland --- Something like 100,000 tons of granite ~~we~~ were blown out of solid rock in blasting operations at Shap ~~one of the biggest explosions of recent years. Stand back --- and watch that dead rock come to roaring life.~~
