SYDNEY TOWER.

~~Here is an unusual picture of Sydney taken from the top of the~~ *Towering over Sydney is the new*
~~Wireless Building, nearly 400 feet high.~~ *feet* *Come along with me*
~~viewpoint- the architect of this giant structure looks down~~
~~at Sydney's incomparable harbour lying far beneath with its~~ *bridge*
~~huge bridge towering in silent splendour over everything.~~ *from this elevated*

NEW ZEALAND EXHIBITION.

visited The New Zealand Centenary Exhibition *flowers* ~~was opened~~ at Wellington *by*
Galway *who* by the Governor, Lord Galloway, ~~took~~ a party with him
on a tour of the exhibition. First they had a ride through
the grounds, and then, just like ordinary people, had a go
on the switchback railway.

AEROPLANE FACTORY.

Over in America they are busy turning out aeroplanes. The
factories are humming with a record output of machines.

This will greatly increase the delivery of war planes for
the Allies, *the first shiploads have already arrived*
~~RESTLING~~ *in* America, too, they seem to go in for a novel kind of wrestling.
A rough and tumble on a sea of juicy apples. This is one
way of getting the juice *out* for making cider. Hope their feet
are quite clean.
