

THE NEW GLIDER TECHNIQUE.

3 A preview of the new method of launching gliders into the air; the old method of attaching the tow-rope and both taking off together is outdated by this fast new pick-up.

4 And now, into action. A Task Force attacking bases in the Marianas group of the Pacific; attacked in its turn by Japanese warplanes. Navy gunnery goes into action --- and spells Finis for some more enemy planes in the Far East.
