Southern Ireland: Mr. After his nomination as Prime Minister of the new Coalition Government, Mr. John Costello receives the seals of Office from President O'Kelly.

On returning to Parliament House, the new Premier, who had held the post ~~from~~ in 1948 - and represented Ireland at the League of Nations - received a great ovation from his Supporters - before meeting members of his Cabinet.

Rocket

New Mexico: On the White Sands Proving Grounds, a New Viking rocket is prepared for an attempt on the world altitude record for guided missiles.

~~THE ROCKET TRAVELS~~ at a speed of 4,300 miles an hour - to reach a height of 158 miles above the earth's surface...

But it's still a long, long trail to the moon...

Speedboats

Back to Paris - for an international speed boat race on the River Seine... From a standing start - they're soon cutting a dash that makes them the envy of the boulevards.

Outboards from six countries competed. As you can see, it's a heady sport,

in which anything can happen - and generally does!

~~Some went round the bend - the others not the Seine and a splash.~~

One of the home speedsters won the race. After all, as every speedster knows - you've got to know Paris - before you can travel safely round the bend...
