At Ibrox Park, the floodlights were focussed on great champions of the track. The famous Master Milers - Pirie, Ibbotson, Wood and Lewandowski were battling for supremacy at the Scottish Daily Express International Meeting.

Two laps covered - and Gordon Pirie leads, with world mile record holder Derek Ibbotson ready to pounce.

But in the final lap - Lewandowski, (Poland's Flying Doctor), slips his field...and holds his lead to win from Derek Ibbotson in four minutes seven-point-two seconds.

A cleverly-gained victory for the Polish champion.

An exciting race in the Woman's ~~200~~ 220 Yards....

And a record performance by England's Heather Young (No. 5) who ~~besides~~ *completed a sprint double.*

~~completing a Sprint Double~~ *HEATHER*

~~completed a Sprint Double~~ *HEATHER* captured the Scottish all-Comers' record with a time of twenty-five seconds.

The Three Miles brought another great victory for George Knight, and record honours for Scotland's Ian Binnie.

In the final lap, Kryszkowiak of Poland looked a certain winner..

Then, George Knight *NO 4* made his effort. Yard by yard, he caught up on the Pole - and won a great race right on the tape... *M*

*CHERS FOR GEORGE KNIGHT - AND FOR*  
~~There were Scottish chers, too, for Ian Binnie, -~~ who finished fourth - yet captured the Scottish Native record...
