SPEEDBOAT "NATIONAL"

It's the start of the Speedboat Steeplechase at Cypress Gardens, Florida ... over land, sea and in the air. And before they're through you'll know they're all Nuts.

Most drivers manage to dodge the trees, but this one is well up a gum-tree! Now we're coming to Beecher's Brook ... and it's into the air for 60 feet and heaven help a sailer on a ride like this.

And here's how it's done ... there's nothing in it really. It's just a ramp!

It's harder this way! Hallo, someone's had enough.
