CHIEF LIBRARIAN  
6th June, 1956.

Dear Mr. Wynder,

I quote herewith two passages from the Agreement between the Newsreel Association and the M.C.C. regarding the Test matches:-

"The Newsreel Association undertakes not to use any of the film material for the production of still photographs.

"The Newsreel Association undertakes not to provide any film material to the B.B.C. or to any Programme Contractor or Independent Television News for use in Commercial Television."

Would you kindly ensure, therefore, that no still photographs of Test Matches are supplied to the lay press, and that no test match coverage is made available to any television organization.

Yours sincerely,
