Spin-a-heap

A whirlwind is spinning round the world! - Spin-a-heap is the latest craze. And it's a craze from head-to-toes. Chimney-sweeps are adepts - the workmen in the yard follow suit. And in the office, too - the reception is not an exception. Housewives turn to the hula-heap just for the fun of it.

And last not least ... the boss himself spins his heap. Everybody wants to keep slim and elastic - this is the know-how!
