TITLE:- PONY RACING AT PORTSMOUTH.

Picture. :- Here's Bordighera leaving the paddock followed by Mr. Baxter's "Tea Taster" --

--and Mrs. Robertson's "Catherine". Pony-racing is gaining in popularity and bids fair to rival horse-racing in the near future. Six ponies parade for the Autumn Stakes -- and well they look too!

They get a flag-start, and away they go on the six-furlongs race. It's quite a "bunched" field in the earlier stages. Unfortunately the weather was not good, but in spite of poor visibility over long distances we see that the field spreads out quite a lot at about half the distance. You may take it from me that --

Bordighera is putting up a fine performance. She is nearest the camera and coming along strongly --

--to win by a length and a half.

This bay mare started at eight to one and was the longest priced runner in the race.

A splendid win by a very fine pony.
