TITLE:- FROM HIGH ESTATE.

Picture:- It stretches a hundred-and-eighty feet skywards, and has been standing for seventy years. XXXX Now it has to lie down ! XXXX There are some hundreds of tons of bricks in the great pile--

--and "Steeplejack" Wilson and his men are finding them tough as well as old. XXXX

But "orders is orders" and she's got to come down. XXXX To get --

--a good "shot", our cameraman has taken up a risky position on the edge of a roof. XXXX He has "anchored" his camera - (we've lost 'em like that before !)

And now, sit tight ! XXXX Here she comes ! XXXX Who-ooop ! XXXX She's unstuck ! XXXX Splendid ! XXXX Better than Humpty Dumpty ! XXXX Anyone standing in the way of that lot--

--wouldn't have smelt the flowers everybody would have sent ! XXXX They'll be able to build a few --

--houses out of these bricks - or, better still, send 'em to the seaside to stuff feather beds with !
